Dear Parents

WHY A SCHOOL FOR BOYS?

While young men and boys can and do excel in many types of educational institutions, schools for boys focus with intention on learning that addresses not only how to excel in academics but also how to grow into a young man of integrity and empathy.

In engaging and supportive single-sex environments, students explore their values and establish a foundation for making responsible decisions; they explore their own definitions of self, who they are and who they want to become; they learn to forge healthy relationships; they step out of their comfort zone to explore their full potential.

They are preparing for their roles in a globally connected world.

Here's how that happens.

SACS has been a member of the International Boys' Schools Coalition for a number of years. Please find attached a booklet titled "Why a School for Boys." I encourage all parents to read this.

SOUTH AFRICAN SAILING REPRESENTATIVE

Congratulations to Cullen Keytel (Grade 10) who has been selected for the South African Youth Sailing Squad. He will compete at the 2017 Laser World Championships in the Netherlands later this year.

We wish him all the best for the upcoming championships. Well done on this fine achievement.
