NEWSLETTER NO. 10

Dear Parents and our SACS Students

HEADMASTER'S INTRODUCTION

Our school team responsible for all matters COVID related have done an exceptional job thus far. It has not been perfect. We have had to learn and adapt and still continue to do so. These are uncharted waters, but the way in which many in our community have stepped up to the plate has given us a great deal of reassurance. Although there are pleasing signs of a decrease in transmissions, as well as further talk of an easing of restrictions, we do have individuals and families who are affected by COVID and we need to continue to be vigilant as well as supportive of each other.

You will have received our SGB Chairperson, Dr Kerrin Begg's, latest communique on where we are in terms of the School's transformation journey. I echo Dr Begg's appreciation to all involved in the process and thank the many members of our community who have expressed their positive support in this regard.

These pages are usually filled with the wonderful achievements of our boys. Although much has been lost or curtailed, there will still be things to celebrate this year, such as our three young men that yesterday wrote the final round of the National Senior Mathematics Olympiad. They have done themselves and our School proud.

SOUTH AFRICAN MATHEMATICS OLYMPIAD

Three of our boys have qualified for the final round of the South African Mathematics Olympiad. They are Emmanuel Rassou (Grade 10), Matthew Dean (Grade 11) and Jeremiah Rupprecht (Grade 11). The best 100 seniors qualify for the final round. Congratulations to Emmanuel, Matthew and Jeremiah.

WORKFLOW SCHEDULE FOR WEEK COMMENCING 14 SEPTEMBER 2020

The workflow schedule has now been updated to cover work for the week commencing 14 September 2020. To access the document click [here](#) or copy this link into your browser:

OLD BOYS / TEACHERS / STUDENTS

STORIES ABOUT SACS WANTED!

Contact us if you have a great story regarding the following locations:

Brewery Astro, Hofmeyr Hall, Quad, Whiteford pavillon + De Villiers field, High School Pool, Spencer Smith, Seating Pavillion, Rosedale, Michaelis

CONTACT DETAILS:
 sacshistorysociety1829@gmail.com
 0606022148 (+27)

Our History Society is busy undertaking a project called The SACS Heritage trail. This project entails an online tour where people scan a barcode (on a plaque) of a particular location and information will be displayed on an online web address. Consequently, we wanted to spice up this information with some subjective history in the form of stories. This is where we need you. Any Old Boy, teacher or student who would be willing to share stories on the listed locations, please contact our History Society at: sacshistorysociety1829@gmail.com.

We also need your help with some missing year group photographs. We are framing sets of year group photographs for the Headmaster's corridor. We are missing the class of 1993 and 1995. This will then complete the collection from 1986 to 2004. Mr Simon Perkin will then start on 2005 to 2020. If you are able to help us out by donating your photograph that may be sitting in a box somewhere we would really appreciate it. Please contact perkins@sacollege.org.za.

BLOOD DONATION CLINIC

A reminder that our Blood Clinic will be taking place on Monday 14 September from 9am to 1:15pm. Grade 10s, 11s and 12s are welcome to donate with permission from their parents. Contact Wayne Parsons should you require more information at parsonsw@sacollege.org.za.

With warm regards to all our SACS families.

Yours sincerely

**B.J. GRANT
HEADMASTER**
