

18 September 2020

NEWSLETTER NO. 11

Dear Parents and our SACS Students

After a wet and cold winter with the gift of plenty of life-giving rain, the wonderful weather of yesterday and this morning certainly does lift the mood and spirit. As our country moves toward Level 1 we are about to move toward a time of assessment in our school. Our Matrics begin their trial examinations next Wednesday and Grade 8 to 11 will begin a series of standardised tests from Monday 5 October. Please check the workflow schedule to see what work will be tested and examined. I wish all our learners well in the assessments.

Earlier in the week we hosted a successful SANBS Blood Donation Clinic. Thanks must go to Mr Parsons for his organisation in this regard and to all students and staff that contributed to this vital undertaking. Where we can, and without flouting restrictions, we would like to include events and happenings that can still take place. We would very much like to be able to return to non-contact sporting activities and there are indications that this could happen shortly. It is wonderful to see three of our young men recognised for their prowess in regional and provincial tennis.

We will hold our Matric Valedictory Ceremony on Tuesday 3 November. Closer to the time we will make a call on where and how it will proceed, but it is important that it happens. We are looking at options for other events as well.

Congratulations to the following three boys who have been awarded Provincial Colours for tennis:

- Hamza Kana
(Cape Town U17A and Western Province Disa U19A)
Timothy Korsten (Cape Town U17A)
Thomas Tilney (Cape Town U15B)

Western Cape players go to the South African championships and from this a South African team will be selected.

Players selected for Cape Town play in the Synergy Cup competition versus local provinces.

WORKFLOW SCHEDULE FOR WEEK COMMENCING 18 SEPTEMBER 2020

The workflow schedule has now been updated to cover work for the week commencing 21 September 2020. For Grades 8 to 11 you will also notice an extra row where subject areas have indicated the content to be assessed in the October test series. If your son requires any further information, please ask him to contact his teacher directly. Grade 12 teachers have communicated the content to be assessed in the trial examinations with their classes directly.
